Dear Madam,

As you will be aware, Indian Drug Manufacturers Association (IDMA) is the largest National Pharmaceutical Association representing small, medium and large scale pharmaceutical manufacturers, since its inception in 1961.

As responsible manufacturers of safe and efficacious quality medicines, we are eager to discuss the proposed changes done / being considered in the guidelines on Professional Conduct and Ethics for the medical professionals vis a vis manufacturers. In this regard, our President Mr S V Veerramani, the undersigned as Chairman of the Medical Subcommittee and other senior Members would like to call on you preferably on 8th July 2014 or any other mutually suitable date. Kindly grant us some time on that day from your busy schedule or another date at your earliest convenience.

We are sure, your proactive assistance and valuable guidance will go a long way in fostering a healthy Pharma - Doctor relationship whilst upholding their individual ethics – in harmonization with global practices.

We look forward to your positive reply at the earliest.

Thanking You,

Yours Sincerely,

Dr R K Sanghavi
